

# PartnerBoost Shopify Tracking Docs

## Step 1: Add PartnerBoost tracking script to your store

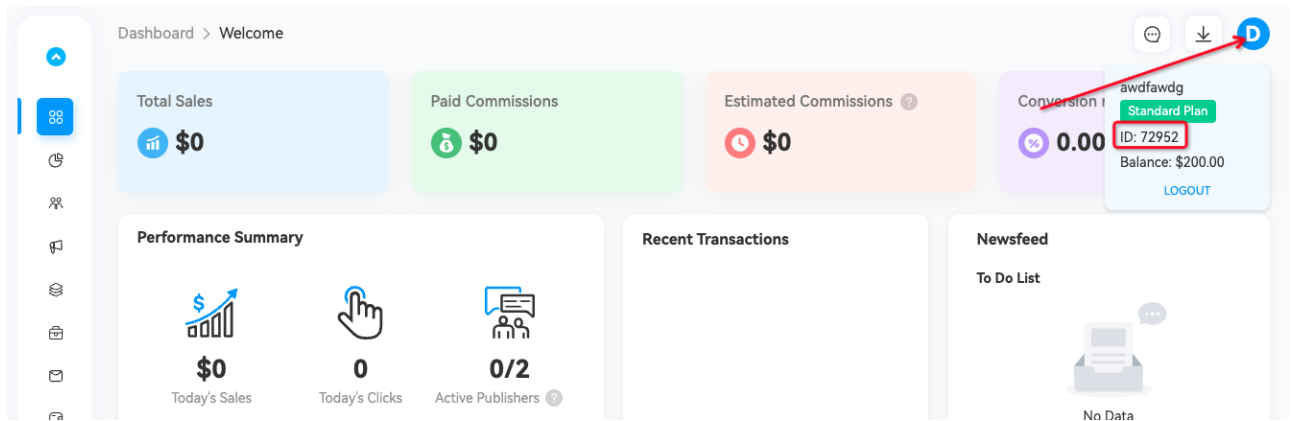

1. Locate "Online Store" under Sales Channels, click the kebab menu on the left of customize button and select "Edit Code"

2. insert the following code before `</body>` tag:

```
<script>
  const script = document.createElement('script');
  script.setAttribute('src',
    'https://app.partnerboost.com/brand/track.2.0.min.js?bid=YOUR_BRAND_ID');
  document.head.appendChild(script);
</script>
```

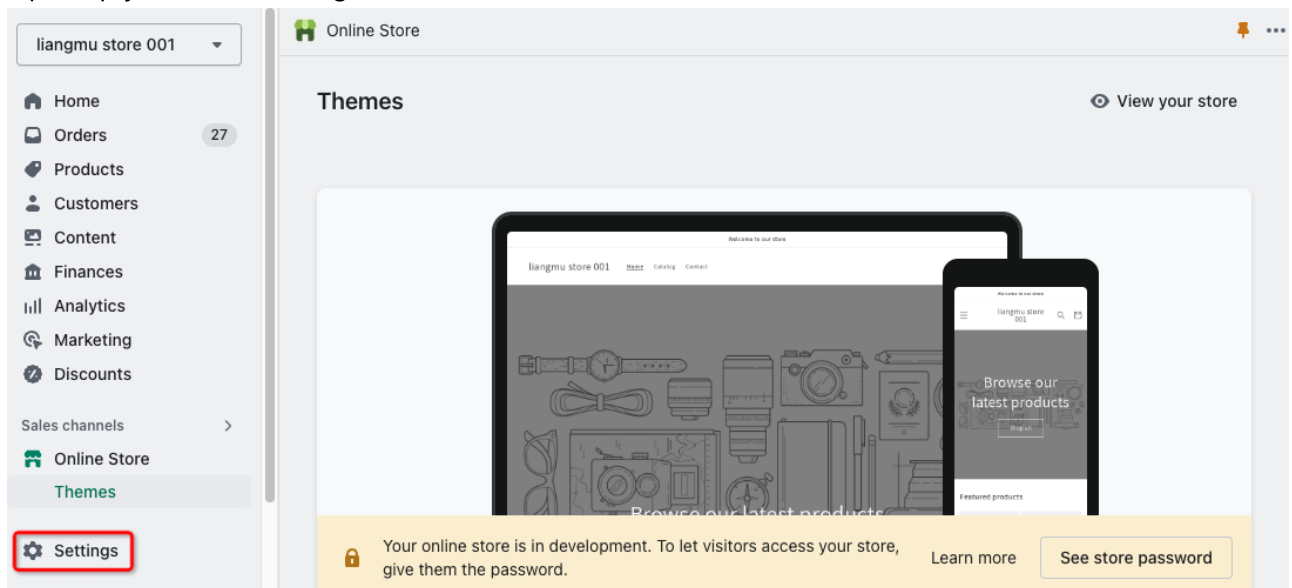

3. replace `YOUR_BRAND_ID` with your own brand ID, which you can find in the PartnerBoost dashboard by hovering your mouse over your username on the top right corner.

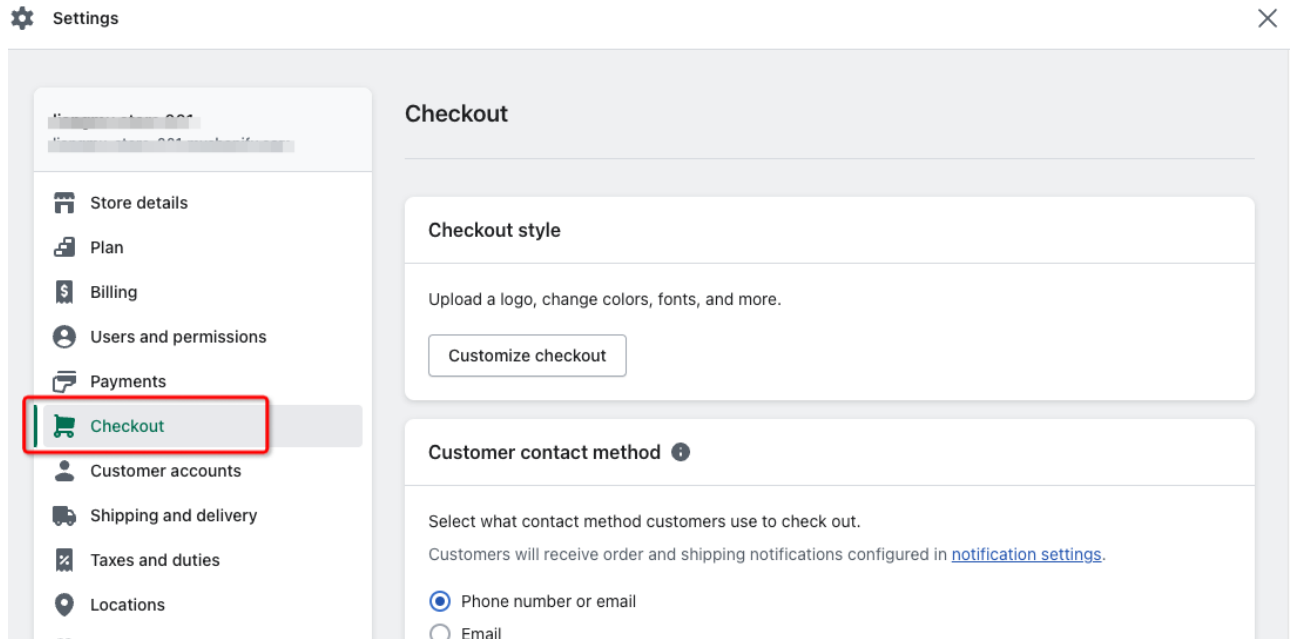

**! Note:** In order for the scripts to work properly, please make sure you insert the script in Step 1 before you start second part of the integration!

## Step 2: Add PartnerBoost tracking script into your Checkout page

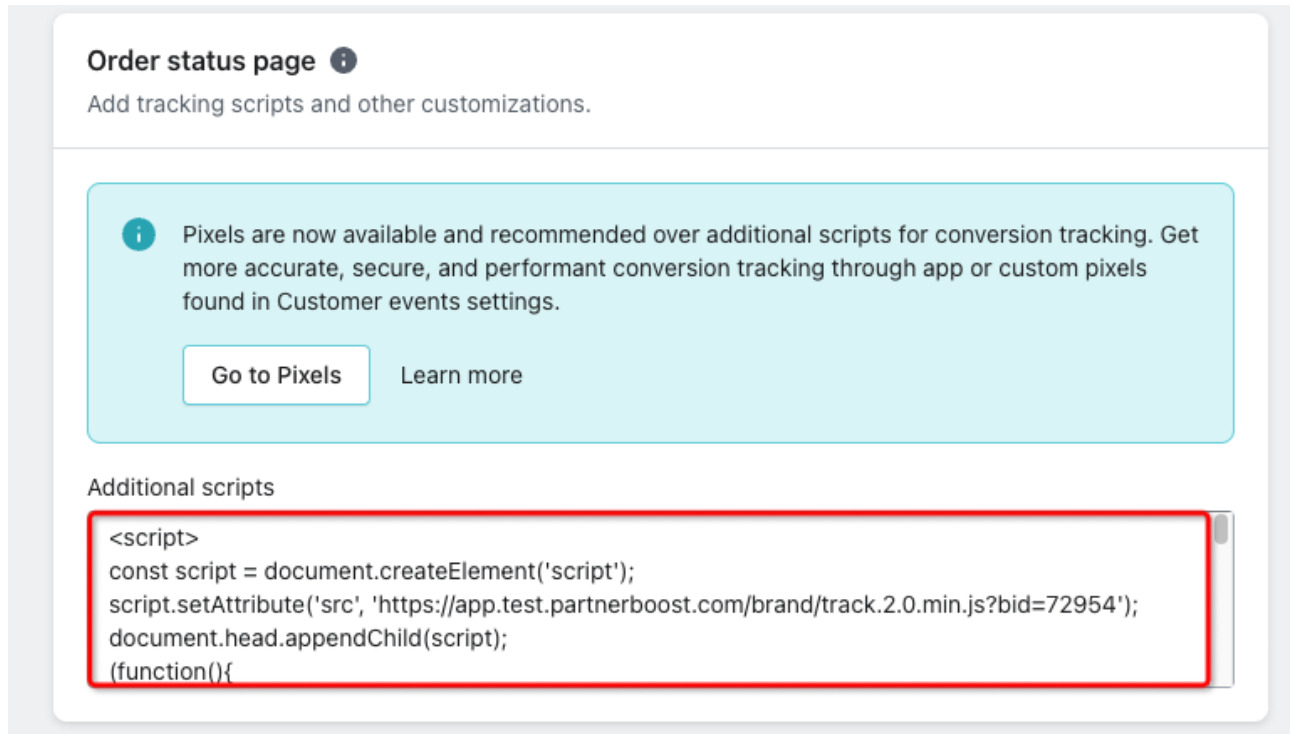

### 1. Open up your store Settings

## 2. Go to "Checkout"

## 3. Scroll down until you find "Order status page", and insert the following code:

```
<script>
  const script = document.createElement('script');
  script.setAttribute('src',
'https://app.partnerboost.com/brand/track.2.0.min.js?bid=YOUR_BRAND_ID');
  document.head.appendChild(script);
  (function(){
    try {
      var _checkout_id = "{{ checkout.id }}";
      var _pb_submitted = localStorage.getItem("PB_SUBMITTED_" +
_checkoutout_id);
      if (_pb_submitted) {
        console.log("PB_SUBMITTED_" + _checkout_id + " already
```

```

exists");
    return;
}
localStorage.setItem("PB_SUBMITTED_" + _checkout_id, "true");
var _pb_order_info = {
    checkout_id: "{{ checkout.id }}",
    order_id: "{{ checkout.order_name }}",
    currency: "{{ checkout.currency }}",
    amount: 0,
    couponcode: "",
    trans_time: 0
}
var _trans_time = "{{ checkout.order.created_at }}";

if(_trans_time.indexOf(" ") !== false){
    _trans_time = _trans_time.split(" ");
    _trans_time[0] = _trans_time[0].replace(/-/g, "/");
    _trans_time = _trans_time.join(" ");
}
_pb_order_info.trans_time = ((new
Date(_trans_time).getTime())/1000).toFixed(0);
_pb_order_info.skus = [];
{% for line in checkout.line_items %}
    var _pb_sku = {
        sku: "{{ line.sku }}" || "{{ line.product_id }}_{{
line.variant_id }}",
        quantity: "{{ line.quantity }}",
        price: ({{ line.line_price }}/100),
    };

    {% for dis in line.discount_allocations %}

        _pb_sku.price -= ({{ dis.amount }}/100).toFixed(2);
    {% endfor %}

    _pb_sku.price = _pb_sku.price.toFixed(2);
    _pb_order_info.skus.push(_pb_sku);
    _pb_order_info.amount += 1*_pb_sku.price;
{% endfor %}

{% for discount in checkout.discount_applications %}
    if("{{ discount.type }}" == "discount_code") {
        _pb_order_info.couponcode += ",{{ discount.title }}";
    }
{% endfor %}

_pb_order_info.amount = (_pb_order_info.amount).toFixed(2);
_pb_order_info.couponcode =
_pb_order_info.couponcode.replace(/^,/ , "");

var _pb_interval = setInterval(function(){
    if (window['PB'] && window['PB']['submitOrder']) {

```

```
        window['PB']['submitOrder'](_pb_order_info);
        clearInterval(_pb_interval);
    }
    }, 100);
} catch (e) {
    console.error("PB.submitOrder error: ", e);
}
})();
</script>
```

4. Remember to replace **YOUR\_BRAND\_ID** in this part of the code with your own brand ID, which you can find it in the PartnerBoost dashboard by hovering your mouse over your username on the top right corner.

The screenshot displays the PartnerBoost dashboard interface. At the top right, a user profile dropdown menu is open, showing the username 'awdfawdg', a 'Standard Plan' badge, the ID '72952' (highlighted with a red box), and a 'Balance: \$200.00'. A red arrow points from the text in the previous block to this ID. The dashboard includes several performance metrics: 'Total Sales' at \$0, 'Paid Commissions' at \$0, 'Estimated Commissions' at \$0, and 'Conversion' at 0.00%. The 'Performance Summary' section shows 'Today's Sales' at \$0, 'Today's Clicks' at 0, and 'Active Publishers' at 0/2. The 'Recent Transactions' and 'Newsfeed' sections are currently empty, showing 'No Data'.
